

Dear Vintage Mooney Flyers,

Well, we have scheduled a fly-in to Atlanta, Georgia (KRYYY) on Saturday, June 26th. We can meet and have lunch at the Elevation Chophouse and Skybar. The view from the Elevation Chophouse is as spectacular as the food. The entire front of the multi-story structure is constructed of glass panels with a view of Kennesaw Mountain National Park and the aircraft landing and taking off only a few feet away on McCollum Airfield.
